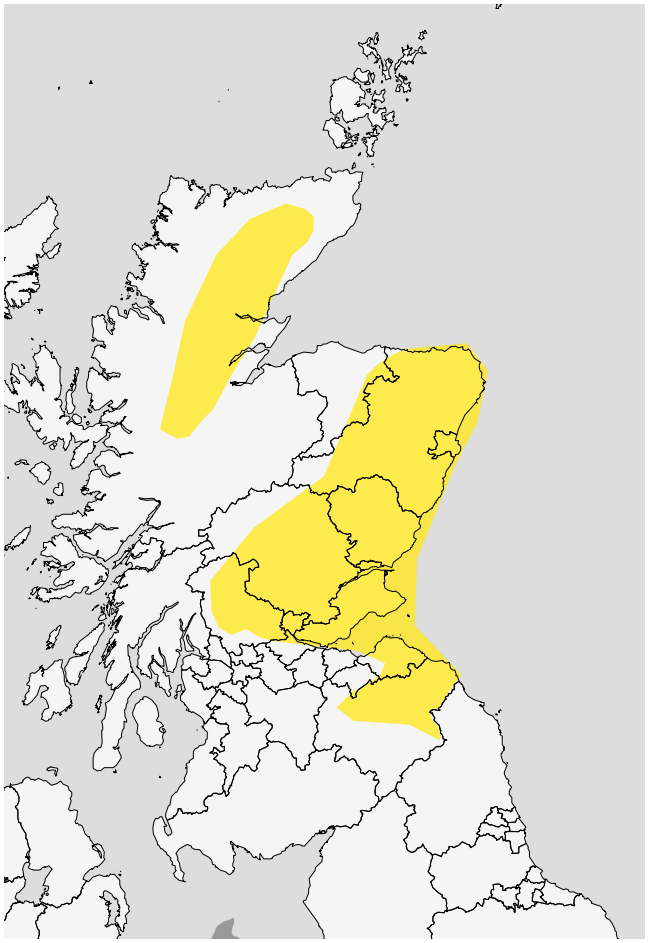
Yellow warning
Rain

Between
06:00 Thu 19 Oct 2023 and
23:59 Sat 21 Oct 2023



Storm Babet will bring a period of very wet weather to many parts of eastern and northern Scotland from Thursday to Saturday.

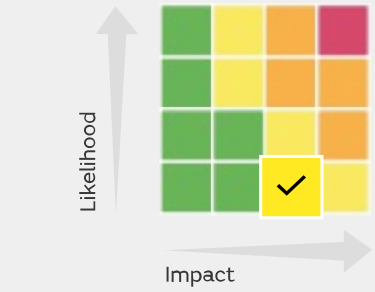
What to expect

- Spray and flooding could lead to difficult driving conditions and some road closures
- Where flooding occurs, there is a chance of delays or cancellations to train and bus services
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a slight chance of power cuts and loss of other services to some homes and businesses
- There is a small chance of fast-flowing or deep floodwater, and communities being cut off by flooded roads

Further details

While there is still some uncertainty in the detail, periods of heavy, prolonged and potentially disruptive rainfall are likely to develop on Thursday and continue across eastern Scotland throughout Saturday. Accumulations of 50 to 100 mm are expected across parts of northern and eastern Scotland throughout this period.

Separate amber and red warnings are in place for parts of northern and eastern Scotland where higher rainfall amounts are expected to lead to greater impacts.



✓ Very low likelihood of medium impacts
